

March 24, 2020

The Redwoods Golf Course  
22011 88<sup>th</sup> Avenue  
Langley, BC  
V1M 3S8

As we continue to monitor the affect of the coronavirus (COVID-19) on our communities near and far, we have made the very difficult decision to close all of the facilities at the Redwoods Golf Course effective March 26, 2020 until further notice.

We are very thankful that the nature of the golf business, and the additional measures that we were able to enforce around our facilities were able to keep our employees working, as well as provide a place of solace to golfers from all across the lower mainland during this extraordinarily difficult time.

To contact Redwoods during this closure, please refer to the [Contact Us](#) page on our [website](#) and one of our Team Members will reply as soon as we are able.

We will continue to post updates on our social media accounts as well as on our [website](#).

We are already looking forward to the day that we can open our doors and course to our community once again. In the meantime we hope that our employees, customers, and the greater community stays healthy, safe, and comes out of this stronger than ever before.

Sincerely,

Doug Hawley
